

Rwanda Year End Update

Dear Friends at CrossRoads Church,

World Relief Rwanda sends you warm season's greetings from our Church Empowerment Zones in Musanze, Bugesera, Kicukiro and Nyamasheke. It was wonderful to be with you recently during my time in the US and share together about what the Lord is doing both in CrossRoads Church and Rwanda.

As we begin a new year, we are even more so determined and encouraged as World Relief staff to increase our impact and work towards uplifting the local churches' role to promote sustainability when working with the most vulnerable in their community. We thank you for continuing to be by our side, your friendship, support and commitment to helping the world's most vulnerable is what makes this great work possible for yet again another year. As we began this New Year, this scripture has been our guide, "Commit to the LORD whatever you do, and he will establish your plans" (Proverbs 16:3 NIV). For sure He will not let His Church down.

Joyfully serving the church,

Moses NDAHIRO
Country Director

FY16 WORLD RELIEF RWANDA MINISTRY AREAS

Beatrice: Farming was created by God

Beatrice used to view farming like most Rwandans do: lacking dignity and even as a **curse from God**. Though she relied on farming for her livelihood, she could not sufficiently feed her family.

But everything changed once Beatrice started attending Farmer Field School. Through World Relief's training, Beatrice's church taught her and others new farming techniques, nutrition and the Biblical basis for valuing agriculture.

Now Beatrice says: "I now know that **agriculture was created by God in Eden, and that I am responsible to keep and take care of my Eden**. Concerning nutrition, I have learned how to prepare a complete diet. I made a kitchen garden where I get vegetables. I can make a nutritious beet juice for my family."
